Summary

Passionate and creative front-end developer with a strong foundation in HTML, CSS, and JavaScript. Experienced in building scalable and responsive web applications using React, Angular, Bootstrap, and MUI. Adept at API integration, state management, and UI/UX optimization. Excited to leverage skills in innovative projects and continuous learning.

Skills

- **Languages:** Python, C, C++ with DSA
- **Basic Knowledge:** Operating Systems, OOPs, Computer Networking
- **Frontend:** HTML, CSS, JavaScript, React, Angular, MUI
- **Backend:** Basic Node.js, Express.js
- **Database:** Basic MongoDB
- **Version Control:** Git, GitHub, Postman

Experience

Nixies India Technologies

Apr 2024 – Present

Frontend Developer

Responsibilities and Achievements

- Developed and maintained scalable front-end applications using React.js and Angular.
- Contributed to the Gym Management Platform, implementing features such as gym registration, pass booking, and user account management.
- Worked on the Ummeed Charity Donation Platform, integrating secure payment gateways and optimizing UI/UX for better engagement.
- Ensured responsive design and accessibility compliance for a seamless cross-device experience.
- Improved API performance and state management** in React and Angular applications.
- Conducted code reviews, debugging, and performance optimizations to enhance application efficiency.
- Collaborated with backend teams to integrate APIs and improve overall system functionality.
- Used Git, GitHub, and Postman for version control and API testing.

Education

NRI Institute of Information Science Technology, Bhopal

Bachelor of Computer Science

CGPA: 8.01

Govt. Excellence High School, Chhindwara

Mathematics and Science

Percentage: 72%

Projects

Flexxd Gym Website

React

- Developed a comprehensive gym management platform that centralizes gym listings and operations.
- Implemented user authentication, gym partner onboarding, and subscription-based pass booking features.
- Designed interactive dashboards for users to track history, account details, rewards, and favorite gyms.
- Optimized API performance and state management for a seamless user experience.

Ummeed Website

Angular

- Built a crowdfunding platform that enables individuals to donate towards children's healthcare.
- Developed an organization management system to register, verify, and track donations.
- Integrated secure payment gateways and automated donation receipts.
- Enhanced accessibility by implementing real-time updates and a user-friendly UI/UX.
